I am having overwhelming problem with my prescribed dementia,,,,,I am being told that I must travel across town to get the papers from Gracie Square psck hospital which show that I am crazy in many ways.

I am asking for help as NYLAG has abandoned me and won't reply to my many attempts to connect with them.

I want to subpoena multiple parties and video camera records but am finding it impossible. I cannot get fair justice without some help issuing subpoenas and conducting admissions.

please tell me how to apply properly for help from the court.

I slept on concrete floor in waiting room with no blanket for a week as the only way to force a transfer during which i had cushions forced out from under me by staff

My phone was stolen around 2 weeks ago and i have not been able to get replacement

My email address dlord45@gmail was lost because of the extreme confusion as the director of that shelter campaigned hard to negate my claim that i was assaulted in a sleeping room with no camera

has discovery opened? Can i start sending admissions and interrogatories?

I slept on concrete floor in waiting room with no blanket for a week as the only way to force a transfer during which i had cushions forced out from under me by staff

My phone was stolen around 2 weeks ago and i have not been able to get replacement

My email address dlord45@gmail was lost because of the extreme confusion as the director of that shelter campaigned hard to negate my claim that i was assaulted in a sleeping room with no camera

has discovery opened? Can i start sending admissions and interrogatories?
